Challenge on the Job:

I need a dumper that:

- Is small and compact so I can work on narrow access sites
- Easy to manoeuvre on rough terrain
- Makes my job easier

Features & Benefits:

- Full range of dumpers for every job from 400kg - 2000kg
- 700mm wide to fit standard doorway, alley or tight access
- Rocking roller undercarriage creates stability in rough terrain

Positive Results:

- Fully hydrostatic, with a low cost of ownership
- High lift bucket allowing operator tip access to skip bins

Testimonials:

"Our Cormidi 60 eliminates the need for excavation by hand. It is reliable, stable & has a diesel engine that provides more power to keep it going all day. The hi-tip feature is also great for lifting concrete directly into skip bins, saving manual lifting & handling."

- Brains Tight Access Cormidi Dumpers

"We couldn't operate without the Cormidi 50. It's become an integral part of our team." - Phil Gredig Intelligent Construction Solutions
