

K9-P DINGO MINI LOADER

The Ozzy Dingo K9-P is our only petrol machine, but it is no ordinary petrol because it is the new Kohler EFI engine- a far superior animal to any carburetted engine. And the next best thing to diesel technology.

The K9-P will replace our previous 950, K93 and All-Rounder petrol machines, but is far more superior. Cast chassis, higher lift height, heavier duty, bigger hydraulics, etc. But still handles all the same attachment range.

The K9-P is the preferred mini digger of the hire industry and trusted by thousands of owners around Australia. The Dingo K9-P is the ultimate no nonsense rugged Dingo combining some of the great features of the range topping CONTRACTOR with the tried & tested reliability of the ever popular All-Rounder.
